# Saint Louis University

## **Affordable Housing for Employees**

**11** SUSTAINABLE CITIES  
AND COMMUNITIES

# SLU Employee Housing- Kamog, Sablan, Benguet

The SLU Centennial Village aims to provide affordable housing for the faculty and staff of SLU. The community began in 2011, a hundred years into the existence of the university. The total cost of site development and construction for the houses was shouldered by the university before they were awarded to the employees. The 2-story house together with the 100 sq. m. lot is being paid by the employee the university only for PhP1.5 million (\$25,862), upon installment terms, and without interest.
