School of Accountancy, Management, Computing, and Information Studies

VISION & MISSION

- The School of Accountancy, Management, Computing and Information Studies (SAMCIS) is envisioned as the center of excellence in Business, Management, and Information Technology Education, committed to the creative, competent, and Christian formation of individuals, who can be agents of progress in the changing local and international business and information technology environments.

SAMCIS HISTORY

- (SAMCIS) – is a merger of two schools, namely the School of Accountancy and Business Management, which was originally the College of Commerce, one of the four original schools of Saint Louis College, and of the School of Computing and Information Sciences in 2018. It is currently housed at the Maryheights Campus of SLU.

School of Accountancy, Management, Computing, and Information Studies

GOALS AND OBJECTIVES

1. To develop business and ICT professionals and practitioners grounded on Christian values with appropriate skills and principles who conduct themselves as responsible, ethical professionals and global citizens.
2. To innovate academic programs that are responsive to the needs of the industry and community.
3. To transform and equip faculty and students with management and computing knowledge and skills to be globally competitive.
4. To generate relevant management and ICT researches.
5. To provide continuing management and ICT education, active involvement, expert advice and assistance to the community.
6. To find creative ways and means to operate as a self-reliant unit and sustain long-term growth and development.
