Medical Outreach Missions Fellowship Initiative is in Pudoc West, Ilocos Sur, Philippines.

[PUDOC WEST, TAGUDIN, ILOCOS SUR]

Even with the inclement weather last July 15, 2023, MOMFI carried on with its mission to serve the residents of Pudoc West, Tagudin, Ilocos Sur. Two hundred thirty-six patients were given medical, dental, and surgical care during the said event. Also, as MOMFI aims to take care not only of the physical health of the people, an evangelization program was led by Dr. Romeo O. Abiog, the founder of SLU-SOM MOMFI, to keep the people's spiritual health healthy.

This mission would not have been possible without the help of our dear sponsors from Saint Augustine's School Batch of 1990, represented by Dr. Maria Veronica Narcise, an SLU-School of Medicine alumni and a proud MOMFIan. We would also like to thank Dr. Karla Posadas for her generosity. May God bless you abundantly!

With the aim to bring services closer to the community, the Rotaract Club of Baguio SLU – School of Medicine assisted the Red Cross Health Caravan on 10 and 24 September at Malcolm Square, Baguio City.

Spearheaded by Dr. Marciano Chulyao Jr., the group served 207 and 1016 people in the two-day campaign, offering health consultations, blood typing, bloodletting, blood pressure taking, random blood sugar testing, first aid, and optical eye check-ups. The event also rendered services such as consultations on the Department of Social Welfare and Development (DSWD), Pag-ibig, Social Security System (SSS), PhilHealth, and Health Services Office.

The activity leans towards SDG 3 Good Health and Well-Being, 8 Decent Work and Economic Growth, 10 Reduced inequalities, 16 Peace, Justice and Strong Institutions, and 17 Partnerships for Goals. It is also aligned with the CICM Advocacy of Justice, Peace, and Integrity of Creation, as well as CEAP JEEPGY values of Engaged Citizenship.
