DISABILITY SUPPORT SERVICES

INCLUSIVE EDUCATION RESOURCE CENTER

The center caters to learners with unique learning needs. It provides academic and auxiliary support services specially to students with visual impairment. Production of learning materials for students with visual impairment are given priority. The different units and departments of the University work cooperatively to determine appropriate capacitating activities that will eliminate learning barriers and promote collaborative learning in receiving classrooms of students with visual impairments. It has three basic elements namely (1) curriculum plus skills training for students, (2.) training in addressing students' learning needs in receiving classrooms for teachers, and (3) parenting children with visual impairments for parents or guardians.

Saint Louis University (SLU) in Baguio is dedicated to ensuring accessibility for persons with disabilities (PWDs) through the integration of wheelchair ramps, accessible toilets, and designated parking spaces across its campuses. These facilities are strategically located to provide ease of access to academic buildings, restrooms, and parking areas, promoting an inclusive environment for all members of the university community. SLU's commitment to accessibility aligns with the city's initiatives to enhance mobility for PWDs, reflecting a broader effort to create a more inclusive urban landscape.

SLU SCYWC EQUIPS EDUCATORS TO SUPPORT LEARNERS WITH SPECIAL NEEDS

The Saint Louis University (SLU) Sunflower Child and Youth Wellness Center (SCYWC) creates global connections to bring the best services to children with special needs as well as their families in Baguio City and neighboring communities. This commitment was vividly demonstrated on 12 July 2025, when members of the Communities Aligning Baguio and San Antonio, Texas (CABSAT) collaborated with Sunflower Pedagogical and Developmental Center (SPDC) to hold a one-day workshop seminar titled “Equipping Educators: Best Practices for Supporting Students with Special Needs.”

PSYCHOLOGICAL FIRST AID TRAINING

On October 29, 2024, representatives from the academic and administrative units of Saint Louis University (SLU) participated in the Psychological First Aid (PFA) Training organized by the SLU Human Resource Department (HRD) and the Crisis Management and Resilience Team (CMRT). The said training took place at Fr. Francis Gevers Hall in the Diego Silang Building, and was facilitated by trainers from the Philippine Guidance and Counseling Association Inc. Baguio Benguet Chapter (PGCA BBC), alongside the SLU Center for Counseling and Wellness.
