Childcare facilities for Students

<https://www.facebook.com/SLUSunflowerPDC/>

The SLU Sunflower Pedagogical and Development Center (PDC) plays a crucial role in supporting new mothers who are students by providing accessible childcare service. These services are paid, enabling student mothers to attend their classes and participate fully in academic life without the added burden of childcare responsibilities. By offering on-campus childcare, SLU ensures that its students particularly those with young children, can continue their education in a supportive environment.

Are you ready to step up and give your child the quality care and learning they deserve?

Join us this August 2025 for the launch of SLU-SPDC Playgroup Program—a 3-month program designed for children aged 2.5 to 5.

This early childhood program offers a nurturing space where your child can learn, play, develop essential skills, and socialize with peers. Through meaningful interactions and play-based activities, children will:

- 🌟 Explore age-appropriate concepts
- 🌟 Build positive relationships with others
- 🌟 Practice participating in a group
- 🌟 Foster independence
- 🌟 Gain confidence through engaging tasks and class routines.

Don't miss this opportunity to support your child's early development in a fun, enriching environment. Register now to reserve your slot!
