Childcare facilities for Staff and Faculty

<https://www.slu.edu.ph/slu-sunflower-child-and-youth-wellness-center/>

The SLU Sunflower Pedagogical and Development Center (PDC) provides essential childcare facilities for faculty and staff who are parents. The university helps working parents, particularly mothers, balance their professional responsibilities with their family life.

The poster for the SLU Sunflower Pedagogical and Developmental Center (PDC) Tutoring Services features a young girl drawing at a desk. The background is a bright blue sky with clouds, birds, and green trees. The text is colorful and playful, with a large yellow sunflower logo in the top right corner. The poster includes the university's name, the center's name, the service title, a tagline, operating hours, a fee, and a list of grade levels. Social media handles and contact information are at the bottom.
