Saint Louis University Opens Its Library to Visiting Higher Education Institutions

Published in the SLU Office of Global Relations, Alumni Affairs and Scholarship Programss Social Media Page: https://www.facebook.com/share/p/1JdWFT2HAd/

On 20 January 2026, Saint Louis University (SLU) welcomed a delegation from Mountain Province State University (MPSU) for a benchmarking activity focused on legal education and library management. Hosted at the Msgr. Charles Vath AVR, the visit promoted knowledge-sharing and institutional collaboration while providing the delegates with access to the University's academic resources.

As part of the activity, the delegation toured the SLU School of Law Library, where they explored the University's legal collections, online databases, electronic Supreme Court annotated materials, and the Online Public Access Catalogue (OPAC). Visitors also viewed the School of Law's classrooms, faculty room, and the Office of the Dean, gaining insights into SLU's library services and learning facilities that support legal education.

.

By opening its Law Library to visiting institutions, Saint Louis University promotes access to specialized academic collections and learning resources while fostering collaboration and the exchange of best practices in higher education. This initiative supports Sustainable Development Goal 11 (Sustainable Cities and Communities) by providing access to educational and knowledge resources that benefit the wider academic community

Saint Louis University Welcomes Panpacific University for a University Libraries Benchmarking Visit

Published in the SLU Office of Global Relations, Alumni Affairs and Scholarship Programss Social Media Page: https://www.facebook.com/share/p/1FPwERxLuJ/

On 20 January 2026, Saint Louis University (SLU) welcomed representatives from Panpacific University for a benchmarking visit to the University Libraries. Held at the Msgr. Charles Vath Audio Visual Room, the activity promoted collaboration and the sharing of best practices in library management, academic services, and research support.

The visiting delegation was given access to the University Library, Archival Repository, American Corner Baguio, Academic Research Clinic, Multimedia Library, and the Acquisition Office, where they explored SLU's print and digital collections, research databases, and innovative library services. The benchmarking visit highlighted the University's commitment to providing accessible, technology-enabled learning resources that support research, teaching, and lifelong learning.

By opening its library facilities and specialized learning spaces to visiting institutions, Saint Louis University promotes public access to academic knowledge and information resources while strengthening collaboration among higher education institutions. This initiative supports Sustainable Development Goal 11 (Sustainable Cities and Communities) by ensuring access to educational and knowledge resources that benefit the wider academic community.

Saint Louis University Expands Community Access to Global Learning through American Corner Baguio

Published in the SLU Office of Global Relations, Alumni Affairs and Scholarship Programss Social Media Page: https://www.facebook.com/share/p/1BmvcdGrez/

Saint Louis University, through American Corner Baguio, hosted an information session on the Fulbright Foreign Student Program on 12 February 2026, welcoming students, faculty members, and participants from Saint Louis University and other higher education institutions in the Cordillera Region. Held at American Corner Baguio, the session provided participants with information on graduate study opportunities, scholarship programs, and academic exchange in the United States.

The event featured Fulbright alumni who shared their experiences and engaged attendees in discussions on scholarship opportunities, eligibility requirements, and the application process. By hosting educational programs that are accessible to students, educators, and the wider academic community, American Corner Baguio serves as a library-based learning hub that promotes lifelong learning and global engagement.

Through American Corner Baguio, Saint Louis University continues to expand public access to educational resources, international information services, and collaborative learning opportunities, supporting Sustainable Development Goal 11 (Sustainable Cities and Communities) by providing accessible spaces for learning, knowledge exchange, and community engagement.

Saint Louis University Expands Digital Library Resources through Elsevier Collaboration

Published in the SLU Office of Global Relations, Alumni Affairs and Scholarship Programss Social Media Page: https://www.facebook.com/share/p/1BmvcdGrez/

Saint Louis University, through its University Libraries, met with Elsevier on [insert date] to explore opportunities for expanding access to high-quality scholarly resources through ScienceDirect, one of the world's leading scientific research databases. The discussion focused on strengthening the University's digital library collections to better support teaching, learning, and research.

The initiative reflects the University's continuing commitment to providing students, faculty members, researchers, and other library users with access to authoritative academic literature and digital information resources. By enhancing its electronic collections and research support services, the University Libraries continue to foster an inclusive and technology-enabled learning environment that promotes academic excellence and lifelong learning.

Through continuous collaboration with global information providers, Saint Louis University expands access to knowledge and research resources, reinforcing its commitment to Sustainable Development Goal 11 (Sustainable Cities and Communities) by ensuring that library users have access to quality educational and information resources that support innovation, scholarship, and community development.
